A graduate degree program is offered in the department, GGDC KDA Karak. Only those students are eligible for admission in the respective degree after fulfilling the admission criteria. The scheme of study offered, aims to cover vast range of different fields of the subject to motivate and enhance the interest of students. For successful implementation of our objective to cover various fields of the subject, we also have to add the other related fields like math, history, philosophy and environmental studies etc to upgrade our students to advanced studies. QEC team has been working with enthusiasm in conductance of faculty survey, course evaluation and teacher evaluation on predefined Performa's and later on analyzes them and guide teachers according to the result of these surveys to bring new techniques and quality in their lecture presentation.

The English department has ,so far, 2 permanent faculty members and visiting faculty is being hired upon requirement. However recently two newly appointed lecturers have joined department in July 2023 which will hopefully add in enhancing quality of education at GGDC KDA KARAK. Work load of teachers is according to HED work load policy. Still there are issues regarding infrastructure, institutional support, financial support for research, availability of internet and access to teaching material, and due to these insufficiencies the program is lagging behind to meet its learning outcomes in letter and spirit.

### ***For the improvement in departmental infrastructure, some suggestions are here:***

- Training sessions should be organized by the administration to improve the quality of education to be delivered.
- Laboratories should be upgraded and well furnished with advance equipment.
- Number of faculty members should be upgraded according to needs requirements.

- Research activities should be incorporated.
- College must have an access to e-library.

Batch -01 (Fall-2018 –Spring 2022) has been graduated and 2<sup>nd</sup> batch (F-19-S-23) has taken Final term exam in June 2023 and result is awaited. .

Standard 8-3

*Financial resources must be provided to acquire and maintain Library holdings, laboratories and computing facilities.*
